

## REQUIREMENT SPECIFICATIONS

TENDER NO. 20190101

### TENDER FOR THE SUPPLY AND DELIVERY OF LOW MOLECULAR WEIGHT HEPARIN, INJECTABLE FORM TO NKF

#### 1. Introduction

- 1.1 The National Kidney Foundation (“NKF”) wishes to appoint a contractor (the “Contractor”) for the supply and delivery of Low Molecular Weight Heparin, Injectable Form to NKF as described in these Requirement Specifications (the “Goods”), to its thirty-six (36) dialysis centres in Singapore.

#### 2. Product Specification

- 2.1 The Goods must be registered with Health Science Authority and shall conform to the detailed specification in **Annex A**.

#### 3. Quantity requirements and delivery schedule

- 3.1 The Contractor shall supply the Goods over a period of **twenty-four (24) months**, from **July 2019 to June 2021**, subject to such an extension of the period of appointment by NKF in accordance with the Conditions of Contract.
- 3.2 The Contractor shall propose the appropriate strength and estimated quantity required over a period of **twenty-four (24) months** for the Goods based on the information provided in **Price Schedule**.
- 3.3 The Goods shall be delivered monthly to such of NKF’s dialysis centres as NKF shall stipulate from time to time. Please refer to **Annex B1-B2** for the detail listing of NKF’s Dialysis Centres (as at date of this tender). For the avoidance of doubt, NKF reserves the right at any time to increase or decrease the number of and to vary and /or change the location of any or all of the listed Dialysis Centres.

#### 4. Submission of tender bids

- 4.1 Each Tenderer should provide the price quote in the Price Schedule.
- 4.2 All quotations submitted by the Tenderer must indicate the prices applicable for the estimated numbers of Goods specified in paragraph 3.2 above.
- 4.3 The Tenderer, at the point of submission of its tender bids, is required to supply at its own costs at least one (1) box of samples for each sample stipulated in its tender bids. The NKF shall be at liberty to call for further submission of such samples as required until the samples submitted are in accordance with the requirements of the Tender. Samples after approval shall indicate the standards to be maintained for the duration of the Contract.
- 4.4 Each tenderer is required to indicate the minimum delivery lead time for the proposed product based on 1 month’s quantity in the Price Schedule.

| Requirement Specification                     |  |                                    |
|---|--|------------------------------------|
| Product Description                           |  |                                    |
| Low Molecular Weight Heparin, Injectable Form |  |                                    |
| Sno   | Description of requirement   | Comply to Specification (Yes / No) |
| 1   | <u>Indication:</u><br>Anticoagulation during haemodialysis treatment.  |                                    |
| 2.  | <u>Presentation of Product</u> <ul style="list-style-type: none"> <li>• Multi-dose ampoule</li> <li><u>OR</u></li> <li>• Pre-filled syringe</li> </ul> (The strength of medication should allow easy titration of the dose).   |                                    |
| 3.  | <u>Administration:</u><br>For intravenous administration.  |                                    |
| 4.  | <u>Packaging</u> <ul style="list-style-type: none"> <li>• Each box of the packaging must have clear label indicating the strength, batch number, lot number, manufacturing date &amp; expiry date</li> <li>• Each box should have product information (PI) insert.</li> </ul>  |                                    |
| 5.  | <u>Certification</u> <p>a) Is HSA registration required? Yes / No<br/>           b) Has the product been registered? Yes / No / Pending<br/>           c) If yes, the registration no. is _____<br/>           d) The HSA classification is Class A / B / C / D</p> <u>Vendor shall provide the following documents to support the certification of the product:</u> <p>e) Product licence with Health Science Authority<br/>           f) Manufacturing licence with Health Science Authority<br/>           g) Quality Certificate of Product<br/>           h) Product literature<br/>           i) Any other relevant certification or clinical papers necessary for the product</p> |                                    |
